DO YOU HAVE HEARING LOSS?

VOLUNTEER FOR A BRAIN STUDY!

We use techniques called MRI and EEG to study how people understand speech. MRI and EEG allow us to 'see' what's going on in your brain. You can help out by volunteering to be a subject.

We need volunteers to participate in one or more experiments, lasting from 30 minutes to 4 hours each. You will be compensated \$15/hr for your time.

Please look carefully to see if you satisfy all the criteria below:

- 1) age 18-85
- 2) you rate your health as "fair" or better
- 3) any degree of hearing loss
- 4) fluent in English (some studies require English as first-language)
- 5) no history of seizures, loss of consciousness, or other neurological problems
- 6) adequate vision in at least one eye

To volunteer, visit us at <http://mindbrain.ucdavis.edu/labs/Miller/participate> or scan this QR code with your mobile device ↗

Questions about participating? Contact us at millerlab.subjects@gmail.com or (530) 297-4426
