

PARTICIPATE IN A PAID BIOSIGNALS STUDY

**Help Make The Future Of Virtual And Augmented
Reality More Inclusive**

- 1) Age 18+ and fluent in English
- 2) Normal or corrected hearing ability (hearing aids ok)
- 2) Adequate vision in at least one eye (contacts or glasses ok)
- 3) NO scalp problems or hair conditions that prevent brainwave recording
- 4) NO skin conditions on your arm that prevent muscle recordings

**Studies range from 1-4
hours and are located at
the Center for Mind and
Brain in Davis.**

**You will be compensated
for your time and travel.**

**We use muscle signals from
your limbs and brain waves to
build ethical machine learning
algorithms that will help humans
interact with virtual/augmented
reality environments.**
